

## **Contract**

WHEREAS, the parties to this agreement agree that the student outcome measures attached to this document are important in a child's development during their school-age years; and

WHEREAS, the \_\_\_\_\_, hereafter referred to as the Organization, provides programs for school-age children; and

WHEREAS, the Organization agrees to collect participation data using the KidTrax software, or other approved alternative to collect participation data; and

WHEREAS, the Organization desires to participate in the "Mott Project," which focuses on attendance, academic performance;

THEREFORE, it is hereby agreed:

1. JCPS and the Organization shall exchange data about student participation in programs and student progress on the agreed to outcomes; and
2. The Organization shall be responsible for full cost of hardware and software to collect student participation data; and
3. The Organization shall assume responsibility for maintaining the confidentiality of students participating in the program and shall have employees sign the employee/volunteer Confidentiality Agreement (Staff); and
4. Aggregate data concerning the students participating in the Organization's programs shall be provided on an agreed schedule and format; and
5. Individual data regarding student performance shall be available upon receipt of agreed-to confidentiality releases; and
6. The Organization agrees not to release or sell any data obtained from JCPS without approval from JCPS; and
7. The Organization agrees to provide the Oversight Committee the total cost of the programs covered by this agreement.
